“ Al and I were married for 9 years early in life. As some high school romances go, we eventually grew apart and went our separate ways. Remarrying and moving away from New Jersey had made our lives so distant. But sometime, through social media, we were able to talk once again to share many of our memories of the past as well as where we had gone in our lives.

I was shocked to hear of his passing last night and I am so sorry to hear this and to have not had a chance to say good bye to a person we had shared our love for each other in our early years together.

“ I took my first chairlift up the hill at Great Gorge with Al. I must have fallen at least 100 times on the way down. Al got bored and we met at the base lodge later that night. I learned more about skiing that night than at any other time in my life. Thanks for the memories Al.

“ *Al was my soulmate. We met Freshman year German class. We walked different paths until we touched each other's lives again in 2009. We worked together taking care of her when his wife was suffering from Pancreatic cancer until she passed in October 2012. He was loving and supportive in every way. He was very accomplished in his life. He was a very successful businessman from High School until he wasn't able to work because of his Congestive Heart Failure. We spent every minute we could together. I will miss him until the end of my life. Rest in peace my love. Donna (Werlau) Santee*
