“ Carla was in my thoughts today after many years. Thoughts of reaching out and I came across this. I am truly heart broken.. Carla and I have not been in touch. But she has always been in my heart. Carla was one of the most important people in my life. She was a great support , mentor, and friend. I have so many wonderful memories of our relationship. She had a heart of gold and was truly always there for all the ones she loved. My deepest heartfelt condolences go out to her family.
