“ *My deepest sympathy for the loss of your father and grandfather, I was Fred's neighbor at 18 Christopher Place for 11 years and I know how much he loved his dogs. We also worked together at Lehn and Fink (L&F) for over 13 years. He was well liked by everyone who worked with him. He know everyone's name and always made them feel comfortable. I would see him at he L&F reunions at Davey's Locker he was part of a group of very special people. He will be remembered by many!*

“ Dear Dad,

I was so blessed to have you in my life and be able to call you my "Dad". The times we shared will always be treasured. Listening to all your stories and experiences, that you shared with me, was always so interesting and fascinating. You enjoyed so many different endeavors in life which made you such an intelligent worldly man, who was full of life and nothing would keep you down. Everything you sought after you would accomplish and then some. I also love you because you made my Mom's life so happy and full because you loved her so much. You shared so many special times with Mommy and also taught her so many new things as well. Although times were tough, over the past year, I have never stopped loving you and will miss all the fun times we had together, over the years, doing our shopping, going to the shore, enjoying your own special foods you would create and our holiday gatherings. I will also miss the fun times we had at Jenkinson's on VIP weekend. I still can't believe how many times your number was called and all the points you used to win. Again, you seek out to do something and you accomplish it above and beyond. I'm sure Mommy will continue to feed the deer and birds and, of course, the darn squirrels will be sure to get enough food for themselves too. You were such a special man to me and I have felt so proud when you called me your daughter and I was always proud to call you my "DAD".

Until we meet again, Dad. I Love You.....your loving "daughter" June.
