“ *To the Family of the late Tomiczek Jerzy, It was with profound shock that I learnt about the sudden passing of our colleague Jerzy as we called him in the workplace at Curtiss-Wright 901D. I have known Jerzy for close to 5 five years since I joined the organization. Jerzy was a great technician who excelled in the production of our Defense Products. He was a humorous person when you interact with him. Jerzy loved his work and gave his very best. His performance helped him to grow professionally and kept moving up the ladder in the Mechanical Assembly to become a Lead Mechanical Assembler. We treasured your dedication Jerzy! We will deeply miss you. One thing we know is that you gave yourself to the service of CW-901D. May God's everlasting grace surround you. RIP dear colleague.*

“ Jerzy was with 901D for about 18 or more years . I worked with him for roughly 11 years. during that time 901d saw tremendous growth. Jerzy was a big part of that growth. Jerzy was able to build every product line we produce. If there was a problem with assembly, maybe it wouldn't go together right, Jerzy was the go to guy for help. Most assemblers and sometimes engineers knew that if there was a problem with assembly or they didn't have the know-how or the right tooling, again Jerzy was the go to guy. He will truly be missed by his go workers, friends and family.
My prayers and condolences to his family and friends.
