*“ I had the pleasure of working with Teddy at the Toyota NY PDC after transferring from Kentucky. He welcomed me with kindness, and we often talked about the importance of family—and his incredible cooking skills. He was a genuine, warm-hearted person, and I'm grateful to have known him. My deepest prayers and condolences go out to his family during this difficult time.

“ He was the best dad I could have ever asked for. He always protected me and stood by my side, even on my hardest days. He encouraged me to be exactly who I wanted to be, and for that I will be forever grateful.

My dad truly was an incredible father always present, loving, and supportive, even while fighting a long and difficult battle with cancer. Even during his hardest moments, he still showed up for the people he loved. That says everything about the kind of man he was. He had a heart of gold and was loved by so many.

I have countless memories I could share, but some of my favorites will always be the little moments that meant the most. Like the time we randomly found Ping Pong Summer on demand he'll always be the Rad (Dad) Miracle to my Teddy Flyy. Or when we went to Maine looking for moose and he jumped out of the car trying to get the whole family to see one. We didn't notice it at first, and he was silently waving his arms around like he was guiding an airplane just to get us to look. It was so funny and so him.

I will carry your love, your humor, and everything you taught me for the rest of my life. I'm so proud to be your daughter.

I love you endlessly, Dad. ❤️

“ *The first time Teddy came back to work after his treatment, it was incredible to see him sitting among his peers who were wondering for a year if they would ever get that opportunity again with him. There he was. Ready for work. From that point on, my relationship with Teddy grew. We had long deep conversations about resilience and life in general. He led me into the world of BBQ and the purchase of my first smoker. He would come into my office to talk to me about what my family might enjoy off the grill over the weekend, and in between some of his recommendations, it dawned on me that Teddy was the first person to just come in, have a seat, and wanna talk about non work related topics during his break. I will miss him. Blessings to his family.*

“ *This is sad news. Marty was my best friend for some time. I have too many memories. Foil faces, trashed kitchen, green hands, cherry red-faced man, Tommy's Diner. RIP old friend. ~ Paul*

“ *The amount of laughs and love that I have shared with Marty can't be counted. The time we all shared a bottle of the green fairy in the basement will forever be a night of laughing until we cried that I will never forget. He truly was a beautiful soul.*
